SQL (Oracle, SQL Server) • APIs • Kibana • Rundeck • Azure • Jira • Salesforce • ServiceNow • Root Cause Analysis • Incident & Transaction Analysis • SaaS Platforms • Enterprise Client Management • Stakeholder Coordination • Python • JavaScript • AutoCAD • Revit • ArchiCAD • SketchUp

PROFESSIONAL EXPERIENCE

Senior Product Technical Analyst (FinTech) | FIS Payments (Banking & FinTech) (Remote, Warsaw) — June 2023 – Present

- Lead root-cause investigations for complex ERP-related incidents, coordinating with engineering and infrastructure teams to minimize operational disruption.
- Perform advanced SQL analysis and database interventions across Oracle and SQL Server.
- Collaborate with Product and Dev teams to identify software defects and validate fixes.
- Orchestrate client migrations from legacy infrastructure to Azure-based environments, managing technical whitelisting, stakeholder communication, and deployment coordination.
- Support enterprise-level client operations by balancing technical troubleshooting with relationship management and service delivery expectations.

Product Support Specialist – Talentlink | Cornerstone On Demand, Kraków — May 2021 – May 2023

- Managed enterprise SaaS client portfolios, ensuring platform stability and issue resolution.
- Leveraged SQL queries, APIs, and Kibana log analysis for deep technical investigations.
- Performed trend and incident analysis to identify recurring platform issues.
- Partnered with Engineering teams to troubleshoot database-related defects and optimize API-driven workflows.
- Authored internal technical knowledge base documentation and trained new team members, contributing to faster onboarding and improved operational efficiency.
- Acted as a technical liaison between clients, support teams, and developers to improve communication and issue resolution workflows.

Customer Service Specialist (French & English) | Cathay Pacific, Kraków — Feb 2019 – Apr 2021

- Awarded “Employee of the Year 2019” for excellence in premium client service delivery and customer satisfaction.
- Managed high-value portfolios for corporate and elite-status customers.
- Conducted QA reviews and trained new hires to maintain high service standards and support operational performance targets.
- Collaborated with internal IT and operational teams to improve user experience based on stakeholder and customer feedback.

Business Development Delegate | ARTIFACT, Oran (Algeria) — Aug 2018 – Nov 2018

- Supported business development initiatives for consulting services targeting healthcare sector stakeholders.
- Coordinated prospect outreach and secured meetings with hospital administrators and medical professionals.
- Identified client needs and contributed to the development of regional consulting opportunities.

Project Manager / Architect | MEKRI BACHIR, Oran (Algeria) — Jan 2018 – Jul 2018

- Directed end-to-end project lifecycles for residential and commercial developments.
- Managed cross-functional teams, ensuring technical compliance and budget adherence.
- Oversaw stakeholder engagement and resource allocation to meet strict deadlines.
- Controlled project quality and risk management from planning through execution.

Architect | EQUATOR, Oran (Algeria) — Nov 2017 – Dec 2017

- Designed architecture solutions and conducted site assessments.
- Prepared visual presentations and client meetings.
