Warsaw / Rzeszow

www.linkedin.com/in/izabela-ozog

During career, I've been responsible for coordinating activities related to quality assurance, safety, audits, integrated management systems and project management. I have extensive knowledge of ISO standards, and conducted various types of audits. My everyday goal is to ensure that all tasks are delivered safely to the highest quality.

Thanks to the experience gained while working on several positions, in the most demanding sectors, I can easily understand and adapt to specific situations and challenges. This, together with a project-driven approach, helps deliver the most successful outcomes. Competence and achievements can be reflected in a positive feedback, both from co-workers, and business partners.
