LATEST PROJECTS

Carpooling web app *React, Typescript, NestJs, MUI, Prisma, WebSockets* <https://turmsride.com/>
Carpooling web application currently serving around 100 users, offering a cost-effective solution with prices 35% lower than competitors.

DotTv app *React, MUI, CI/CD, Figma, Typescript* <https://www.dottv.app/>
A web application designed for watching online television content. I worked on it as React developer during my time at Codespot.

Plumber company website *Next JS, React, Typescript, React Spring* <https://turbohydraulik.pl/>
Freelance project of website created for the plumbing company Turbohydraulik. It features dynamic generation of service, cities and districts subpages.

Real Digital Exchange Platform *Java, Spring Boot, React, Typescript* <https://platform.rd.exchange/>
Developing a platform for Real Digital Exchange, enabling investment in artworks, designed for presentation to investors. The client's priority was to showcase functionality using simulated data, including data visualization on interactive charts.

ClearMind Website *NextJS, TS, React* <https://clearmindpsychoterapia.pl/>
A website created for the Clear Mind Psychotherapy company. An aesthetic and minimalist website built with NextJs and TypeScript. It includes an appointment booking system via a calendar and a blog.
