📍 Warsaw, Poland

QA Automation Engineer with 3+ years of experience in web and mobile application testing. Experienced in C#, .NET, Java, Selenium WebDriver, SpecFlow, TestNG and REST-assured. Skilled in test automation, API testing, SQL data validation and CI/CD pipelines using Azure DevOps. Worked with enterprise platforms including Microsoft Dynamics 365 and Sitecore in Agile/Scrum environments.

Experience

09/2023 – Present
Warsaw, Poland

QA Automation Engineer

DSV International Shared Services

- Designed and maintained automated UI tests in C# (.NET) using Selenium WebDriver and SpecFlow for Microsoft Dynamics 365 applications
- Independently planned and executed end-to-end testing activities across multiple environments, browsers and devices
- Owned QA validation processes, defined testing scope and coordinated release verification activities for CRM-related applications
- Developed and maintained Ghost Inspector E2E test repository with custom JavaScript validation scripts for www.dsv.com 
- Analyzed business requirements and collaborated closely with developers, stakeholders and QA team members during Agile/Scrum sprints
- Reported, prioritized and investigated defects while supporting User Acceptance Testing (UAT) and CI/CD processes using Azure DevOps

09/2022 – 09/2023
Warsaw, Poland

Software Tester

Redge Technologies

- Conducted manual testing for Web, iOS, Android, Smart TV and Apple TV platforms
- Developed automated tests in Java using Selenium WebDriver and TestNG; performed API testing with REST-assured and Postman
- Wrote SQL queries (PostgreSQL) for backend data validation and verification
- Monitored logs and tracked defects using Kibana, AWS CloudWatch and Jira in Agile/Kanban environments

02/2021 – 08/2022
Warsaw, Poland

Sales and assembly support specialist

Schindler Polska

- Developed technical documentation and technical specifications using AutoCAD
- Tested elevator configuration tools and reported software defects
- Created internal utility applications in C# and .NET to improve workflows
