Frontend Developer with 4+ years of experience building high-traffic web applications. Currently maintaining ebilet.intercity.pl at PKP Intercity - a platform serving thousands of daily users. Specialized in React, TypeScript, performance optimization, and scalable component architecture. Committed to WCAG-compliant, maintainable code.

CORE SKILLS

JavaScript (ES6+)	TypeScript	React
Next.js	Vue.js	Zustand / Redux
React Query	HTML5 / CSS3	SASS / SCSS
Styled Components	CSS Modules	Tailwind / MUI / Bootstrap
REST API integration	Responsive Web Design	Component-based architecture
Git / GitHub / Bitbucket	Agile (Scrum / Kanban)	CI/CD (Jenkins, Vercel, Netlify)
Figma / Adobe XD	AWS (basic)	SendGrid

EXPERIENCE

Front-End Developer

PKP Intercity · Poland *May 2024 - Present*

- Developed and maintained **ebilet.intercity.pl**, a high-traffic ticketing platform serving thousands of daily users
- Shipped new features using **React** and **TypeScript** in a **fast-paced** production environment
- Managed client state with **Zustand** and server state with **React Query**
- Ensured high code quality via clean architecture, reusable components, and strict **TypeScript** typing
- Identified and resolved **performance** bottlenecks, improving **scalability**

Front-End Developer

Mighty Koi Studio · Poland *May 2023 - May 2024*

- Sole developer** of the company's primary website (mighty-koi.com), responsible for **end-to-end development** - from system architecture and **implementation** to **deployment** - including the creation of a **custom admin panel**
- developed** and **maintained websites** for other Mighty Koi business initiatives.
- Implemented **multilingual support**, news system, games showcase, careers listings, and other subpages
- Built with **Next.js (App Router)**, **React**, and **TypeScript**; optimised for performance and **SEO**
- Translated **Figma** designs into responsive, **pixel-perfect**, interactive UIs
- Deployed applications via **Vercel** and **Netlify**; managed **CI/CD** pipelines
- Collaborated in a team using **GitHub** for version control and code reviews

Junior Front-End Developer

Smartsources · Poland *Mar 2022 - Apr 2023*

- Developed web applications using **HTML**, **CSS**, **JavaScript/TypeScript**, **React**, and **Vue.js**
- Implemented UI from Figma designs; collaborated on cross-functional team projects
- Managed workflows via **Azure**, **Bitbucket**, **Jenkins**, **Jira**, and **GitHub**
