Time management

EXPERIENCE

Circana (formerly Nielsen), Warsaw, Poland **Modeling Analyst** **05/2025 – now**

Build and customize econometric models to support client business decisions.

Analyze model outputs from both statistical and business perspectives.

Work directly with consultants/data analysts and clients to translate business needs into analytical solutions.

Deliver insights on time, supporting investment and marketing strategy decisions.

Explain model results clearly to clients and internal stakeholders.

Nielsen, Warsaw, Poland **Junior Data Analyst** **10/2022 – 04/2025**

Analyzed large marketing datasets to deliver actionable insights for clients.

Retrieved and validated data from META, Google and Amazon platforms.

Built reports and presentations supporting client strategic decisions.

Evaluated media performance and delivered data-driven recommendations.

Supported client and agency meetings by resolving data discrepancies.

Teleperformance, Warsaw, Poland **Workforce Management Analyst** **2021 - 10/2022**

Planned and optimized workforce schedules to meet KPIs and SLAs.

Built headcount and performance reports for short- and mid-term forecasting.

Monitored real-time performance and adjusted staffing plans when needed.

Improved resource utilization and cost efficiency.

Created reporting templates for routine and ad-hoc analysis.
