ABOUT ME

After my work-centered trip through the Benelux region, I am now looking for a new challenge where I can apply my newly acquired language skills. End-user/customer focused, adaptable with a high sense of empathy. Looking for a hybrid role with its base somewhat close to Wroclaw or a fully remote one. Having mostly worked in pharma recently, I am not opposed to pivoting to other areas.

EXPERIENCE HIGHLIGHTS

EnovaLife | Brussels, Belgium

12.22 – 12.25

Consultant

□ **Data Scientist** (GSK | Rixensart, Belgium)

- gathered end-user requirements into functional specifications
- automated data analysis in Python
- developed user-friendly interfaces
- provided troubleshooting for preexisting VBA macros

□ **Archivist** (GSK | Rixensart, Belgium)

- centralized existing documentation related to a specific project
- designed and implemented a process ensuring continuous updates and data integrity within a knowledge base, compliant with a system migration
- created user guides and training materials to improve their search accuracy
- acted as a point of contact for users, supporting effective use of the system

□ **Data Reviewer** (GSK | Rixensart, Belgium)

- provided stock reconciliations based on SAP data
- maintained internal and external communication with labs and stakeholders

BioStat | Rybnik, Poland (remote)

10.20 – 09.21

Data Manager

- performed User Acceptance Tests (UAT) for a data capture tool
- ensured compliance of the company's product with the industry standards
- generated outputs using R scripting language

ACN | Wroclaw, Poland

06.19 – 09.20

Order Management Analyst

- provided reconciliations of ETL processes (SAP, Business Object)
- was responsible for root-cause analysis of any occurring discrepancies
- launched macros to update the ERP and escalated (or fixed) the bugs

Customer Service Representative

- handled complaints coming through via e-mail and phone
- maintained customers' dossiers and used applicable workflows
- processed payments and other sensitive data up to security standards

EDUCATION

University of Wroclaw, Poland

10.15 – 02.19

Bachelor of Science
Mathematics
